- 2024-07 Update on Integrative Practice and Functional Nutrition
- 2024-04 Therapuetic Update
- 2024-02 Pharmacology of GI Conditions

Continuing Education Credit

Pharmacists

University Learning Systems is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

Consultant pharmacists should confirm recertification acceptance with their board. ULS reports pharmacy credit through CPE Monitor using the participant's NABP number and date of birth.

Nurse practitioners

ANCC and NCC accept formally approved education from ACPE- or AAFP-accredited providers.

ULS is approved by the California Board of Registered Nursing, provider CEP 11409, and participates in CE Broker under tracking number 50-11357.

AANP accepts AAFP Prescribed credit. Hours used for certification renewal may also be submitted to a state nursing board for relicensure, subject to that board's rules.

Physicians

Course-specific AAFP approval or application status is stated in the course accreditation information. AAFP Prescribed credit is accepted by the AMA as equivalent to AMA PRA Category 1 Credit™; physicians should claim credit only in proportion to their participation.

Physician assistants

AAPA accepts certificates of participation for activities certified for AAFP Prescribed credit. Physician assistants may report the approved hours as Category 1 credit.

Nurses

ANCC and NCC accept formally approved education from ACPE- or AAFP-accredited providers.

ULS is approved by the California Board of Registered Nursing, provider CEP 11409, and participates in CE Broker under tracking number 50-11357.

Other professions

CCCEP accepts courses accredited by ACPE. For qualifying AAFP-approved activities, College of Family Physicians of Canada members may be eligible for MAINPRO credits under the reciprocal agreement.

Other healthcare professionals should confirm acceptance and reporting requirements with their licensing or certification board.
